OLFA[®]
THE ORIGINATOR SINCE 1956

The **SK-10**, featuring a concealed blade and a tape splitter, protects merchandises and users themselves!!

OLFA's Stretch Wrap Cutter

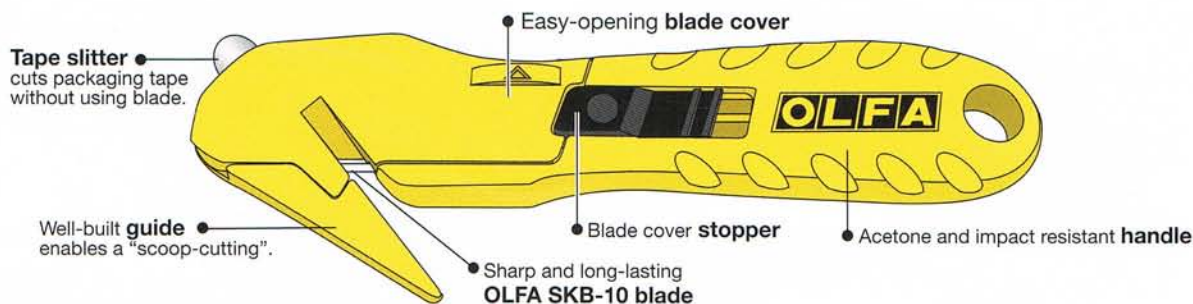

SK-10

is designed to avoid unintended cuts and not to damage content of a box.

Very limited blade exposure makes very safe unpacking come true.

No tools required for blade replacement.

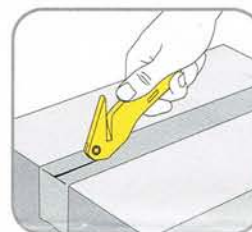

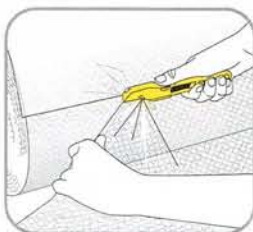

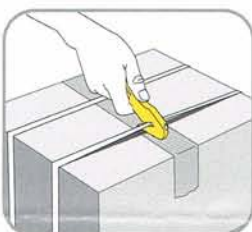

How to use the SK-10

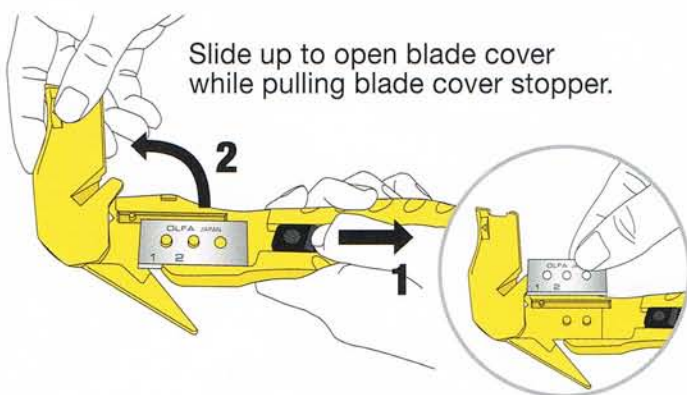

- Insert beak-shaped guide for a "scoop-cut", and cut down shrink-wraps, plastic straps and cushioning materials.

※Cut materials have to be tightened while being cut.

- Stainless tape splitter cuts packaging tape without damaging content of a box.

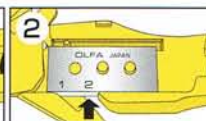

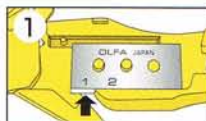

How to use all 4 cutting points and replace a blade No extra tools required!

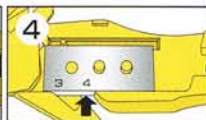

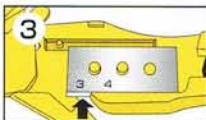

※When blade gets dull, move it from one position to another; one reversible SKB-10 blade provides 4 cutting points.
